Team Player

Oral/Written Communication

Problem Solving Skills

## EXPERIENCE

**Bismuth Inc. Remote**

**Front-end Developer**

*June 2023 - present*

- Developed and designed the UI for E-commerce website that links the user to the client's whatsapp account
- Assisted in researching for UI tools suitable for the project.

## PROJECTS

**PopCorn TV + — Movie Streaming Website**

Used Next.Js and firebase to create a full stack web app with authentication that allows the user to stream movies online.

**Herbie's hoodies — Shopping Cart App**

Used React Js to create a shopping cart app with sample products which add selected products to the cart and calculate the total amount of money it costs.

**Geek Blog — Blog App**

Used React Js to build a blog app with sample blogs, and also used react-router to create dynamic pages of details of each blog.

**Herbiess — Portfolio Website**

Used ReactJs to create a responsive portfolio website with a dark and light theme.
